Welcome to our Product Catalog

Introduction

We, L G Forge, feel immensely proud to present one of the largest selection of Bolts, Plugs, Nuts and Hoses online. Among our customers are manufacturers and maintenance contractors who prefer our range of Metal Square Bolt, Hydraulic Banjo Bolt For All Tractor, Industrial Eye Bolt, Hydraulic Steel Hose, Hydraulic Threaded Plug and Hydraulic Nut for their design excellence, superb functionality and low pricing.

FORGING COMPONENTS

Forging is a process by which the metallurgical and mechanical properties of a metal are optimized by using compressive forces like pressing, hammering, or rolling.

Forging metals is a time-saving and cost-efficient method of creating products with high ductility and improved resistance to impact and load fatigue.

Forging can be used with a variety of metals, including stainless steel, steel, and other metal alloys.

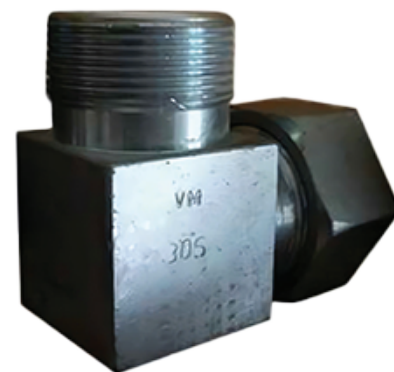

Allen Key Oil Plug-1

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Type : Other
Force : Hydraulic

BSP Oil Plug

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Type : Oil Plug
Force : Hydraulic

Elbow

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Type : Oil Plug
Force : Hydraulic

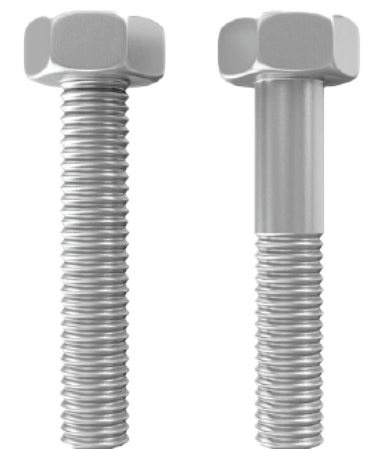

Eye Bolt

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Surface Treatment : Galvanized
Force : Hydraulic

Heavy Hex Bolt

Usage : Industrial
Size : Different Available
Color : Black
Material : Stainless Steel
Surface Treatment : Galvanized
Force : Hydraulic

Metal Hex Bolt

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Surface Treatment : Galvanized
Force : Hydraulic

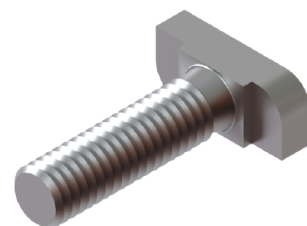

Hydraulic Threaded Plug

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Type : Other
Force : Hydraulic

Hex Bolt

Usage : Industrial
Size : Different Available
Color : Black
Material : Stainless Steel
Type : Other
Force : Hydraulic

Metal T Bolt

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Type : Other
Force : Hydraulic

Industrial Tractor Pin

Usage : Tractor
Size : Different Available
Color : Golden
Material : Steel
Type : Other
Force : Hydraulic

Industrial Eye Bolt

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Surface Treatment : Galvanized
Force : Hydraulic

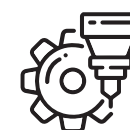

Our aim is to emerge as the best we can be. We design fasteners and other products to speed up small to large scale projects of clients, and ensure their works go by without any problem. For this, we work to the best of our abilities by focusing on the following:

- Providing continuous support to our customers
- Providing continuous training to our people

CNC PRECISION COMPONENTS

CNC machine-turned forging is one of our most valuable products.

High-grade materials are sourced from certified vendors in the industry to manufacture these forgings.

CNC machining services are suitable for producing pieces of complicated or acute-angled shapes. CNC machines are also utilized to manufacture the forging dies for the hammers and horizontal upsetters.

**BSP Hose Fittings
Banjo Bolt**

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Surface Treatment : Galvanized
Force : Hydraulic

**Hydraulic Banjo
Bolt For All Tractor**

Usage : Industrial
Size : Different Available
Color : Silvter
Material : Stainless Steel
Surface Treatment : Galvanized
Force : Hydraulic

Hydraulic Steel Hose

Usage : Industrial
Size : Different Available
Color : Silver
Material : Steel
Finish : Polished
Force : Hydraulic

Hydraulic Steel Hose

Usage : Industrial
Size : Different Available
Color : Silver
Material : Steel
Finish : Polished
Force : Hydraulic

Hydraulic Steel Hose

Usage : Industrial
Size : Different Available
Color : Silver
Material : Steel
Finish : Polished
Force : Hydraulic

Product Name

Lamp

Hydraulic Nozzle Hose

Usage : Industrial
Size : Different Available
Color : Silver
Material : Steel
Finish : Polished
Force : Hydraulic

Hydraulic Steel Hose

Usage : Industrial
Size : Different Available
Color : Silver
Material : Steel
Finish : Polished
Force : Hydraulic

Hydraulic Hex Nut

Usage : Industrial
Size : Different Available
Color : Silver
Material : Stainless Steel
Finish : Polished
Force : Hydraulic
